**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We choose Sonic internet provider because we were getting poor service, poor internet connection and the prices were too expensive. Since switching to Sonic a competitive provider, we have had great service, great internet connections at an affordable price.

We do not want the few big companies to control prices, we do not want price hikes, we want affordable choices that will not increase the cost of internet and telephone services.

Broadband is now necessary for our children's school homework, for my part time business and for working for the company I work for.

We have fiber today, which has been so much more efficient and effective than the prior competitive DSL.

We also use competitive telephone service which has saved our family hundreds of dollars a year in costs.

Please as consumers we deserve to have good service, at reasonable prices and good choices.

Kathleen Guarneri
